

MetLife Data Reporting Policy

Data Reporting Requirements:

MetLife, or its duly authorized agents and delegates, shall have the right at reasonable intervals and during regular business hours to audit business and financial records and dental files which are relevant to dental services provided to MetLife members. Access to any medical or dental records will be limited to only those necessary to perform the audit. Dentists will maintain the confidentiality of all dental records relating to MetLife members, and retain such records as required by law.
