

October 2020

Dear Doctor(s),

United Concordia is excited to announce that the Blue Cross Blue Shield of Minnesota (BCBSMN) Medicare Dental network will continue to offer the following benefits, effective January 1, 2021.

These annual benefits include:

- 2 Preventative Exams
- 2 Cleanings
- 1 set of X-rays
- 1 additional Periodontal cleaning (D4910)

New for 2021 – Dental benefits are being added to the BCBSMN Cost Plans. Please note that for 2021, Cost Plans do **not** have out-of-network coverage; BCBSMN Medicare members must visit a dentist participating with United Concordia's Medicare Dental network. Medicare Advantage (MAPD and MA-only) plans have both in-network and out-of-network coverage.

The 2021 BCBSMN Medicare patient benefits can be verified on United Concordia's **MyPatients'Benefits** tool at **UnitedConcordia.com** beginning in mid-December, or by contacting our Customer Service Department at **888-589-2447**.

Thank you for the service you provide to your United Concordia patients.

Sincerely,

Dental Network Services

United Concordia
