

Humana File Processing Administrative Period

Humana receives a monthly file from Connection Dental Network with all provider updates including contract adds, contract terminations, and fee updates. This file is delivered the beginning of the month. Once received, Humana has a 14 Calendar Day admin period to process all provider updates in our systems.

An effective date of 14 days from the day the file is received will be applied to all Adds/Terms/Fee changes. Example:

- File received 11/01/24
- All Adds//Terms/Fee changes will be given an 11/15/24 effective date

Important Note: It's always best practice to contact the Humana directly to verify benefits and confirm your participation via your GEHA Connection Dental Network fee schedules before seeing the patient.
