

January 20, 2026

Dear valued provider,

We are sending this letter as a reminder that Dominion National has contracted with AmeriHealth Insurance Company of New Jersey to administer embedded comprehensive dental plans for AmeriHealth’s Medicare Advantage products. This network partnership is a strategic step in ensuring AmeriHealth’s Medicare Advantage members have broad access to quality participating dental providers in New Jersey and the surrounding areas.

As a participating G.E.H.A Connection Dental Network office, you are receiving this notice because your office is contracted to see members of AmeriHealth Medicare Advantage plans. In fact, your office may have already been seeing these patients since 2024. As a reminder, claims are processed according to your G.E.H.A Connection Dental Network fee schedule. Members may refer to the network as either “Dominion Medicare Dental Network” or “AmeriHealth Medicare Dental Network.”

The AmeriHealth Medicare Advantage dental PPO plans offer comprehensive benefits with no deductibles or waiting periods. Diagnostic and preventive services are covered in full by the plan, and select basic restorative, endodontic and periodontic services are covered at 80%. The plan also offers coverage for major services, such as dentures, implants and oral surgery, at a 60% coinsurance level. Depending on the Medicare Advantage plan in which the member is enrolled, non-preventive annual maximums range from \$500 to \$1,500.

Members will present their AmeriHealth Medicare Advantage medical card in the office — please see a sample image below.
